

# Call-Out

Right people. Right place. Right now.

## Disaster Response Communication

Be prepared for any crisis with secure and fast communications — ideal for municipalities and first responders.

## Organize Teams in Minutes

Call-Out replaces phone calls and uses intuitive text messaging to organize decision makers and first responders, quickly. Determine availability and communicate effortlessly.

## No Downloads

- Cloud based
- No app required
- It works even if your infrastructure is down

## Custom Software Built for You

Our team is ready to customize our flexible app to address your unique needs.
